'Ethical' tariffs to be scrapped by May – HPCSA 144

The 38-hectare Rondebosch Common, opposite the Colleges of Medicine in Milner Road, Cape Town, was declared a National Monument on 29 September 1961. Today this local heritage site is administered by Heritage Western Cape. Many remnants of natural vegetation in the Cape Peninsula lowlands, such as Rondebosch Common, contain the highest number of threatened plant species per area of any place on the planet. (Reference: Rondebosch Common – The Friends of Rondebosch Common, published 2008, details available from dean.solomon@arkonline.org.)
